Dr Masood Nazir, Clinical Information Lead, NHS Birmingham CrossCity Clinical Commissioning Group;
National Clinical Lead, Patient Online Programme, NHS England and Chief Clinical Information Officer,
Your Care Connected Programme
Questions and comments from the floor
- 9.55 - 10.45 **Challenges for the use of IT and digital technology in service delivery: funding, best practice and inclusion**
What lessons have been learned from carrying out the Digital Maturity Assessment, and what has the impact of this been on delivering paperless care across the NHS? To what extent will new funding allocated in response to the Wachter Review improve the training of healthcare staff in digital skills, and the dissemination of best practice across service delivery, given issues highlighted in the review around the interoperability of digital technologies and varying digital engagement from clinicians? Following the proposed introduction of NHS.UK to replace NHS Choices, how can challenges around public engagement and reaching interoperability of patient records be overcome to improve digital inclusion in the NHS? What measures could most effectively lower barriers to increasing patient access to their own health records, whilst safeguarding patient confidentiality? With the rollout of the Summary Care Record (SCR) to pharmacy services underway, how can further integration of patient records optimise primary care and reduce the burden on GPs?
Dr Paul Cundy, Chair, Joint GPC and RCGP IT Committee, BMA
Professor Rob Darracott, Chief Executive, Pharmacy Voice
Sam Smith, Coordinator, medConfidential
Rachel Coldicutt, Chief Executive Officer, Doteveryone
Stephen Docherty, Chief Information Officer, South London and Maudsley NHS Foundation Trust and Chair,
London CIO Council
Questions and comments from the floor
- 10.45 - 10.50 **Chair's closing remarks**
