- 10.20 - 10.35 Questions and comments from the floor
- 10.35 - 10.40 **Chair's closing remarks**
Senior Parliamentarian
- 10.40 - 11.05 Coffee
- 11.05 - 11.10 **Chair's opening remarks**
Rt Hon the Lord Warner, former Parliamentary Under-Secretary and Minister of State, Department of Health
- 11.10 - 11.35 **Priorities for delivering the Genomics Education Programme and embedding new skills in the NHS**
Senior representative, workforce
Questions and comments from the floor
- 11.35 - 12.25 **Implementing personalised medicine: funding, collaboration and meeting patient needs**
In light of financial pressures on the NHS, what steps need to be taken to ensure adequate funding for personalised medicine and how could cost-savings generated through more accurate diagnoses be reinvested? What more should be done to improve the use of diagnostics in the NHS, and to what extent is this critical to the success of a genomic medicine service? What more should be done to improve the NHS' IT capacity to deliver a genomic medicine service, and how can bodies such as NHS Digital assist in this area? What more should be done to improve patient education and involvement in personalised medicine?
Dr Mark Kroese, Director, PHG Foundation
Dr Jayne Spink, Chief Executive Officer, Genetic Alliance UK
Dr Virginia Acha, Executive Director, Research, Medical and Innovation, ABPI
Doris-Ann Williams, Chief Executive, British In Vitro Diagnostics Association
Senior representative, provider
Questions and comments from the floor
- 12.25 - 12.55 **Next steps for policy**
