

**WESTMINSTER ENERGY
ENVIRONMENT &
TRANSPORT FORUM**

Carbon Capture and Storage 9th September 2010

CONDITIONS FOR USE OF TRANSCRIPTS:

This document is intended to provide a timely reference for interested parties who are unable to attend the event to which it refers. Some portions are based on transcripts of proceedings and others consist of text submitted by speakers or authors, and are clearly marked as such. As such, apart from where it is indicated that the text was supplied by the speaker, it has not been possible for the transcript to be checked by speakers and so this portion of the document does not represent a formal record of proceedings. Despite best endeavours by Westminster Forum Projects and its suppliers to ensure accuracy, text based on transcription may contain errors which could alter the intended meaning of any portion of the reported content. Anyone who intends to publicly use or refer to any text based on the transcript should make clear that speakers have not had the opportunity for any corrections, or check first with the speaker in question. If in doubt please contact the forum first.

Contents

About this Publication	3
Agenda	4
<u>Westminster Energy, Environment & Transport Forum and Session Chair's opening remarks</u>	
Peter van Gelder , Director, Westminster Energy, Environment & Transport Forum (<i>transcript</i>)	5
Lord Oxburgh , Honorary President, Carbon Capture & Storage Association (CCSA) (<i>transcript</i>)	6
<u>The potential of CCS in 21st century energy mix</u>	
Dr Jim Watson , Director, Sussex Energy Group, University of Sussex (<i>transcript</i>)	7
Questions and comments from the floor (<i>transcript</i>)	11
<u>The continued technical and practical challenges to CCS</u>

About this Publication

This publication reflects proceedings at the Westminster Energy, Environment & Transport Forum Keynote Seminar: Carbon Capture and Storage held on 9th September 2010. The views expressed in the articles are those of the named authors, not those of the Forum or the sponsors, apart from their own articles.

Although Westminster Energy, Environment & Transport Forum is grateful to all sponsors for the funding on which we depend, participation in events and publications is never conditional on being a sponsor. As well as funding ongoing operations, sponsorship enables the Forum to distribute complimentary copies of publications, and offer complimentary tickets for events, to Government ministers, parliamentarians and officials most involved in policy.

This publication is copyright. It's copying, in whole or in part, is not permitted without the prior written consent of the publishers. However, extracts of the text may be reproduced for academic or review purposes, subject to the conditions of use outlined in the previous page, providing they are accurate, are not used in a misleading context and the author, their organisation and the Westminster Energy, Environment & Transport Forum are acknowledged. We would also appreciate being informed.
